Top Tags and Traits

Tags Count

adult, teenag..., ruthless, ninja, military, superp..., glasses, analyti..., manip...

Traits Count

male, female, blonde hair, pink hair, grey hair
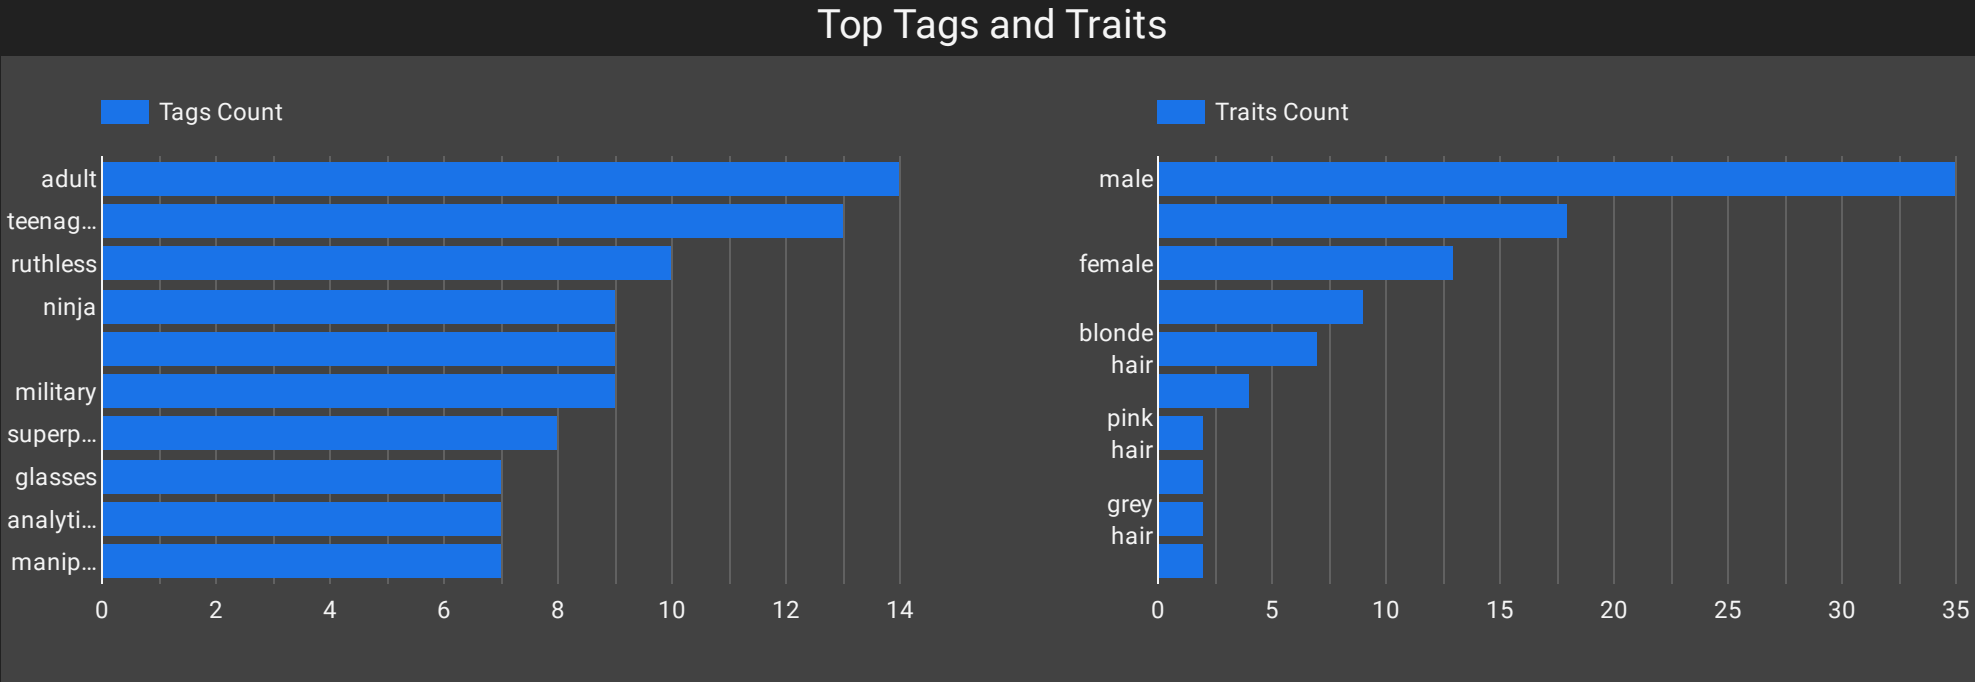

This implies that most of the hated characters are adult males with black hair

Recommendation

Anime producers should be careful when making adult male characters in their TV series. Make sure they don't have the manipulative and ruthless characteristics to avoid getting hated. Especially when their anime is popular (made by studio Pierrot or Bones, because those studios have the higher median ratings).
